SPECIAL OLYMPICS 2026

What an incredible day at the Person County Special Olympics spring games on April 17th (see Facebook for more). From the moment the events kicked off, the energy, determination, and pure joy from our athletes lit up the entire field. Every race, every throw, and every cheer reminded us what these games are all about: courage, inclusion, and celebrating every victory, big or small.

We are so proud of all the athletes who gave it their all and showed what true sportsmanship looks like. And a huge thank you to Special Olympics Person County and the volunteers, families, and community members who made the day so special.

MENTAL HEALTH AWARENESS

May is Mental Health Awareness Month – a time to recognize the importance of emotional well-being for the individuals we serve and those who support them. For adults with Intellectual Developmental Disabilities, mental health is deeply connected to quality of life, relationships, and overall independence. This month reminds us to approach life holistically – listen closely, honoring each person’s experiences, and ensuring access to compassionate, individualized supports. Together, we can continue creating environments where every individual feels understood, valued, and supported.

Updates & Announcements

Person Industries sends their condolences to the family of employee Jeffrey Gentry. Jeffrey’s father, Joseph Gentry passed away on April 15, 2026. Jeffrey has been with PI since 2015, and his family is very near and dear to our heart.

June Staff Training Day will be held on Friday, June 19th at Person Industries. We will be closed to consumers while staff take part in required trainings and presentations.

Congratulations to PI/PCRC Director Amanda Doss on her recent marriage to Charles Clay. Amanda & ‘Chuck’ were married on Friday, April 24th in Reidsville, NC, with a small ceremony by the lake. Wishing you both many years of happiness and love!
